

Astronomy Treasure Hunt Clues

ONE:

This object is hot, but not on fire.
Explore the dryer but don't perspire!

SIX:

A planet so large it can hold the rest,
Explore our library with infinite zest!

TWO:

This planet is closest, but not the hottest.
Check the sock drawer, and don't be modest!

SEVEN:

This planet had rings, but not made of gold.
Explore near the front door like an astronaut bold!

THREE:

This planet is so hot it can melt a cannonball,
Crush spaceships, rain acid, and is in tree tall.

EIGHT:

Smacked so hard it now rolls on its side,
Find the window that is ever so wide.

FOUR:

Most of this planet is covered with water.
Visit the bathtub without making it hotter.

NINE:

Check the sink for hurricane,
gigantic blue farts, and diamond rain.

FIVE:

This planet is basically a rusty burp.
Discover the refrigerator and take a slurp.

TEN:

Instead of one there were two, then four...
Visit the mailbox for the one that is no more.
